PREFACE

This is the thirty-fifth annual *Data Book on Illinois Higher Education*. The information is compiled from data reported by Illinois institutions in surveys conducted or coordinated by the Board of Higher Education staff. While the staff is responsible for the accuracy of the compilation, the validity of source data depends upon institutional submissions. Both credit and thanks are due to the individuals at each public and independent institution who complete the surveys. In many ways, the usefulness of this document is due to the accuracy and timeliness of their responses.

The primary objective of the *Data Book* is to provide useful information about higher education in Illinois. Suggestions for improvements that will make this publication more useful are welcome. Much of the data contained in this book is available in computer readable form and/or at a greater level of detail. Please note, in particular, that many of the “degrees conferred” tables previously published in the *Data Book* are not included in this edition. Readers seeking more detailed information on degrees conferred may now generate their own tables, exportable as Microsoft Excel files, at www.ibhe.org/EnrollmentsDegrees/Search.aspx. Readers desiring combinations or details that are not presented in this book are invited to contact the Board office. The staff asks that requests for data be submitted by e-mail if at all possible.

The *Data Book on Illinois Higher Education* may also be accessed on the Board’s web page at www.ibhe.org.

Judy Erwin

CHAPTER II

Figure II-1	Degrees Conferred by Illinois Colleges and Universities by Level of Instruction	84
-------------	--	----

HIGHLIGHTS

Illinois citizens have access to a broad array of postsecondary educational opportunities available through the state's nationally respected system of nine public universities on 12 campuses, 48 community colleges, 96 independent not-for-profit colleges and universities, and 33 independent for-profit institutions. In addition, 22 out-of-state institutions are approved to offer degree programs in Illinois.

Enrollment

A record high of 821,026 students were enrolled in Illinois institutions in fall 2007. This represented an enrollment increase of 0.8 percent over the previous autumn, continuing a pattern of slow but steady increases in total enrollment in Illinois colleges and universities since the mid-1990s.

In 1970, students enrolled in Illinois colleges and universities comprised 5.4 percent of college enrollments throughout the nation. Illinois' share of enrollments nationally reached 5.9 percent in 1977, but has fallen to 4.5 percent in 2006, the most recent year for which national figures are available.

Enrollment Comparison by Sector

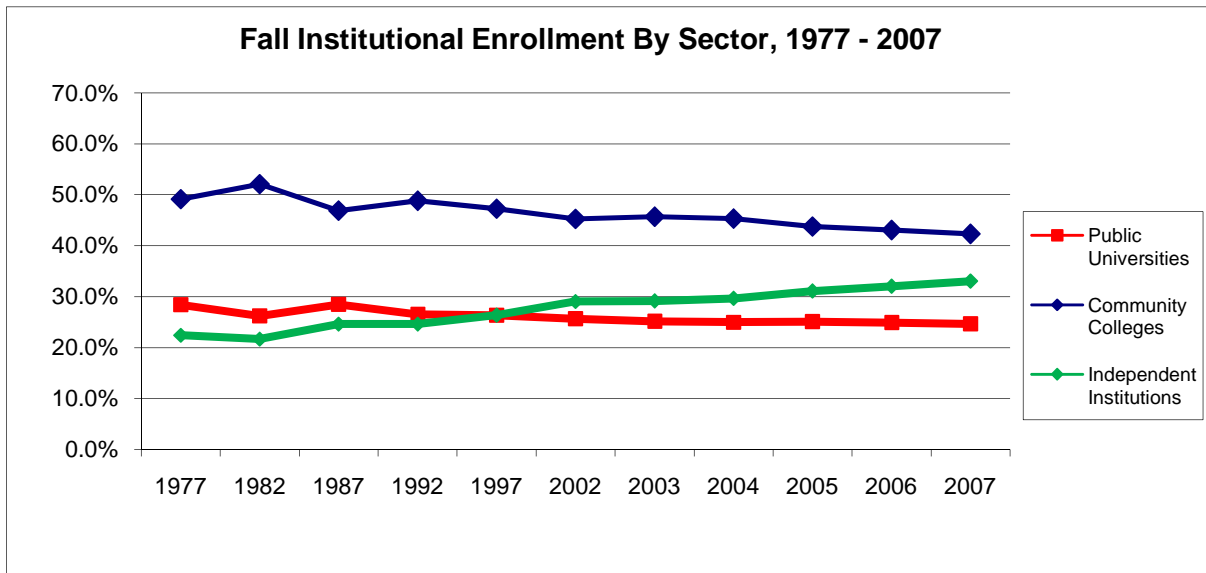

As shown in the following table, community colleges enroll more students than any other higher education sector in Illinois.

Institutions of Higher Education by Sector	2007 Fall Enrollment	Percent of Total	2007 Fall Enrollment Range	
			Smallest	Largest
Public Universities	202,493	24.7%	4,855	42,326
Community Colleges	347,277	42.3%	1,445	25,768
Independent NFP Institutions	220,839	26.9%	6	23,401
Independent For-Profit Institutions	42,739	5.2%	104	19,417
Out-of-State Institutions	7,678	0.9%	9	1,352
Total of Fall Enrollment:	821,026	100.0%		

Source: Table I-1, page 5

Public university enrollment has held steady for three decades, although its share of total enrollment in Illinois has eroded from almost 40.0 percent in 1970 to 24.7 percent in 2007. Similarly, community college enrollment has fluctuated since 1975, but its share of overall enrollments has dropped from more than 52.1 percent in 1982 to 42.3 percent in 2007. Before the baby-boomer surge of the 1960s, more than half of college students attended independent institutions in Illinois. As the public sector expanded, particularly the community college system, that percentage of total enrollments declined significantly, bottoming out at 21.7 percent in 1982. Since then, enrollments in independent institutions¹ in Illinois have steadily grown to 33.0 percent (see figure below).

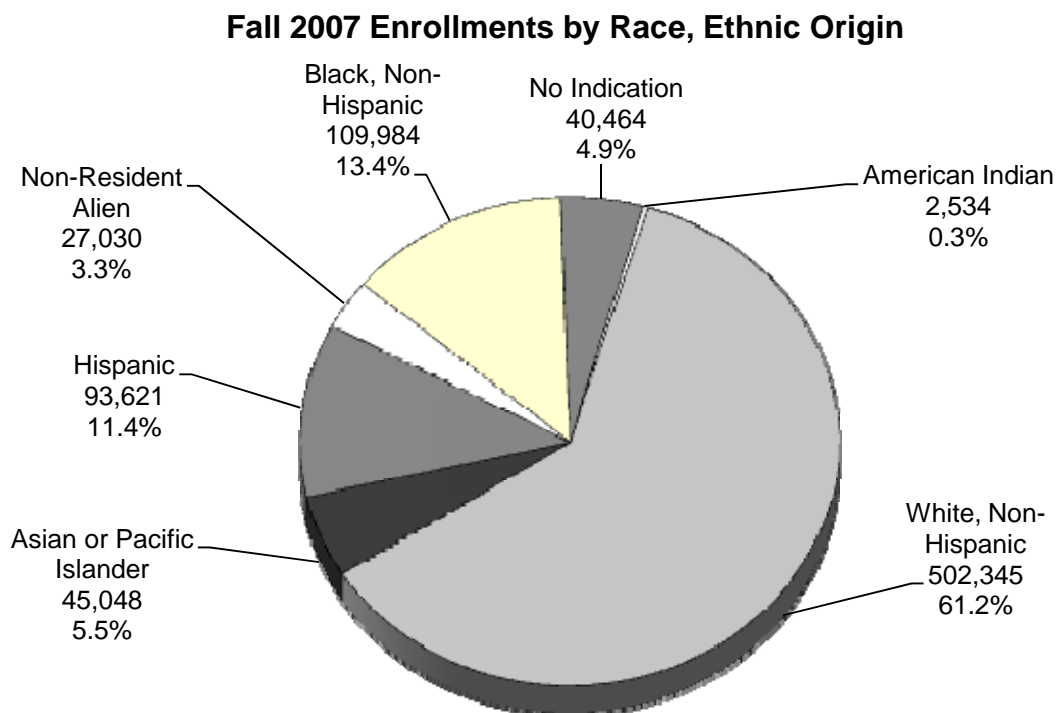

¹ Includes not-for-profit, for-profit and out-of-state institutions. Out-of-state institutions data first collected in 2005.

Source: Table I-13, page 72

Enrollments, All Sectors

Enrollment in Illinois colleges and universities is not only large, it is diverse. The following chart illustrates the racial and ethnic diversity of enrollments in fall 2007.

Source: Table I-3, page 39

In fall 2007, 58.3 percent of students were full-time, 56.8 percent were female, and 68.6 percent were undergraduates. The median age of all Illinois students was 23.1, the median age for all undergraduates was 21.6, and the median age for graduate students was 29.3.

Almost 86.0 percent of first-time freshmen enrolling in Illinois colleges and universities in fall 2007 were from Illinois, with the next largest number coming from “other” states followed by surrounding states (see table below).

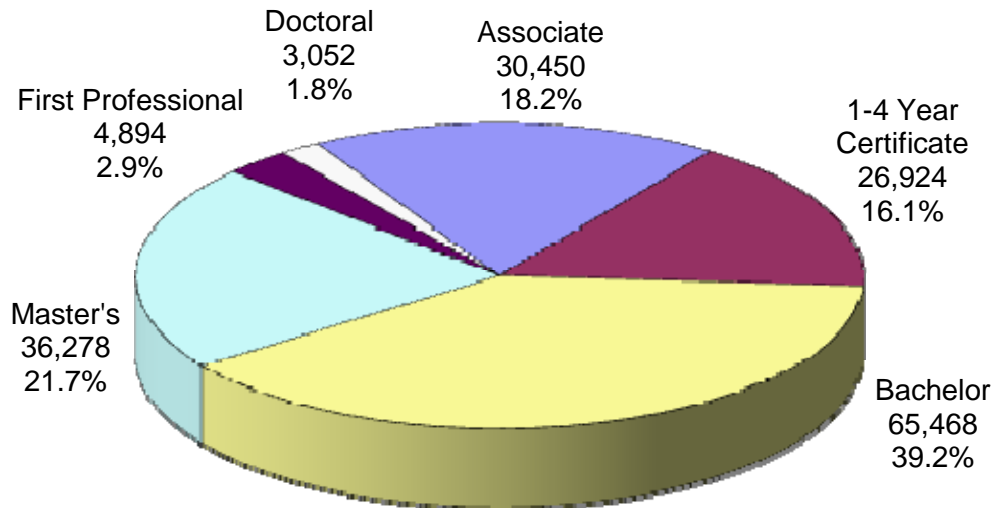

First-Time Freshman, All Sectors, Fall 2007	Student Headcount	Percent of Total
Illinois	85,692	86.0%
Other States	7,720	7.7%
Surrounding States*	4,469	4.5%
Foreign Countries	1,744	1.8%
Total first-time freshmen in Illinois	99,625	
* Surrounding States are Indiana, Iowa, Michigan, Missouri, Kentucky, and Wisconsin		

Source: Table I-8, page 61

Degrees Granted, All Sectors

Illinois colleges and universities conferred 167,066 degrees and certificates in the 2006-2007 academic year, a 2.4 percent increase from the previous year.

Degrees Awarded, 2006-2007 Academic Year

Source: Table II-1, page 83

Associate Degree: Community colleges granted 25,708 associate degrees in 2006-2007, a 0.1 percent decrease from the year before. The number of less-than-4-year certificates granted increased 7.2 percent. Independent not-for-profit institutions granted 2,085 associate degrees, a decrease of 11.2 percent in 2007, while independent for-profit institutions granted 2,217, a decrease of 10.2 percent. Out-of-state institutions granted 372 associate degrees, an increase of 11.0 percent in 2007. The number of certificates granted at independent not-for-profit institutions was 1,248, a decrease of 18.6 percent, while independent for-profit colleges and universities granted 57 certificates, a 1.8 increase.

Bachelor's Degree: Public universities conferred 33,074 bachelor's degrees in 2007, an increase of 4.0 percent over the previous year. Independent not-for-profit institutions granted 27,634 bachelor's degrees, also an increase of 2.8 percent from the previous year, while independent for-profit institutions conferred 3,599 bachelor's degrees, an increase of 9.8 percent. Out-of-state institutions conferred 1,161 bachelor's degrees, an increase of 5.1 percent.

Master's Degree: Public universities granted 11,833 master's degrees in 2006-2007, a decrease of 0.2 percent; independent not-for-profit institutions granted 22,171, an increase of 4.2 percent; and independent for-profit colleges and universities granted 1,447 master's degrees, a decrease of 17.0 percent. Out-of-state institutions granted 827 master's degrees, a decrease of 30.5 percent.

The most popular field of study² among students earning associate degrees was Liberal Arts and Sciences. At the baccalaureate level, Business, Management, and Marketing was the most popular field. Education is the most popular field of study at the master's level, slightly ahead of Business, Management, and Marketing.

Popular Fields of Study, All Sectors, 2006-2007	
ASSOCIATE LEVEL	DEGREES
Liberal Arts and Sciences, General Studies and Humanities	11,369
Health Professions and Related Clinical Sciences	4,920
Multi/Interdisciplinary Studies	4,821
BACCALAUREATE LEVEL	
Business, Management, Marketing, and Related Support Services	13,599
Education	6,442
Visual and Performing Arts	4,713
MASTER'S LEVEL (includes Advanced Certificates)	
Education	10,614
Business, Management, Marketing, and Related Support Services	9,841
Health Professions and Related Clinical Sciences	2,391

Source: IPEDS Completions

² Program classifications are by two-digit Classification of Instructional Programs (CIP) code.

Faculty³

There were 23,910 full-time faculty employed in Illinois colleges and universities as of November 1, 2007. Public universities employed 5,359 men and 3,672 women; community colleges employed 2,212 men and 2,440 women, and independent institutions employed 5,944 men and 4,283 women.

Tuition and Fees

The ranges of tuition and required fee charges for full-time, in-state undergraduates for the 2007-2008 academic year are shown below.

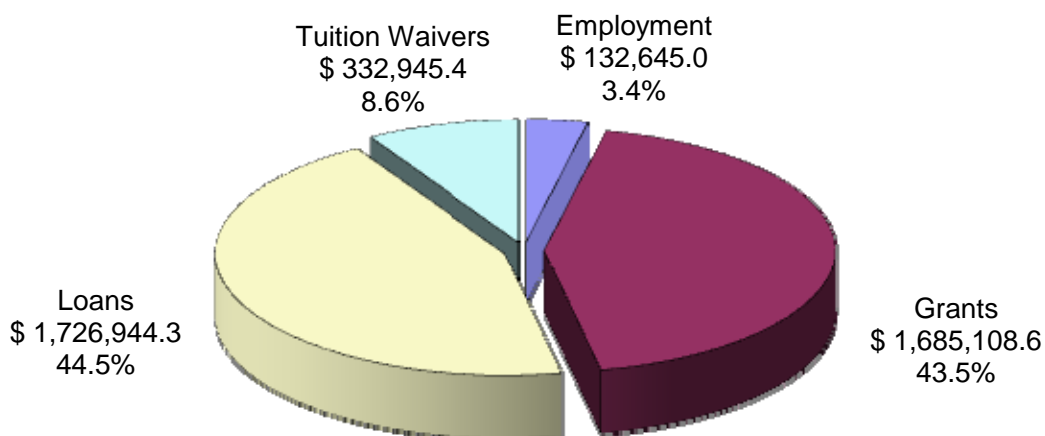

Undergraduate Tuition and Fees for Illinois Residents, 2007-2008 Academic Year		
Institutions of Higher Education by Sector	Low	High
Public Universities	\$5,966	\$11,130
Community Colleges	\$2,430	\$2,970
Independent NFP Institutions	\$7,272	\$35,868
Independent For-Profit Institutions	\$8,840	\$22,441

Source: Table IV-1- IV-3, page 143-149

Student Financial Aid

Students in Illinois colleges and universities received \$6.1 billion in financial aid from all sources during fiscal year 2007. Of that amount, undergraduates received \$3.9 billion. The vast majority of that aid was in the form of loans or grants, as shown below.

**Distribution of Financial Aid to Illinois Undergraduates
by Type of Aid, \$ 3.9 Billion, Fiscal Year 2007**

INTRODUCTION

The *Data Book on Illinois Higher Education* provides a general reference for and an overview of Illinois higher education. Although some tables provide information for certain categories of institutions only, the data are drawn from all Illinois institutions of higher education having degree-granting authority. The *2008 Data Book* includes the following 211 institutions: 12 public universities, 48 public community colleges, 96 independent not-for-profit institutions, 33 independent for-profit (proprietary) institutions, and 22 out-of-state institutions. Out of 211 institutions, five independent institutions did not respond to the Fall Enrollment Survey, and several independent institutions did not respond to various other Integrated Postsecondary Education Data Systems (IPEDS) surveys.

New independent for-profit institutions for 2007-08 are Brown Mackie College-Moline, Chamberlain College of Nursing, and Solex College, all with no students in fall 2007, and Sanford Brown College, with students in fall 2007. Two new out-of-state institutions are Ashford University (IA) with no students in fall 2007, and Kaplan University (IA) with students.

Please note the following name changes: Judson College to Judson University and McKendree College to McKendree University.

Please note that Cardean College students were allowed to complete their degree by New York IT-Ellis College.

Institutional Classification

To allow for meaningful summaries of data, surveyed institutions have been categorized according to purpose and financial structure. The current institutional classification system organizes these institutions into four categories: 1) public universities, 2) public community colleges, 3) independent not-for-profit and for-profit (proprietary) institutions, and 4) out-of-state institutions.

Data Sources

Information for the *Data Book* is compiled from a number of surveys conducted or coordinated by the Illinois Board of Higher Education (IBHE). The Board serves as the state coordinating agency for the federal Integrated Postsecondary Education Data System (IPEDS) surveys, which provide information for the *Data Book*. Principal among the IBHE and IPEDS surveys are the following:

IBHE Fall Enrollment Survey. The Illinois Board of Higher Education's annual Fall Enrollment Survey is a comprehensive survey covering various aspects of student enrollment. Chapter I of the *Data Book* presents information about enrollments by institution, gender, and race/national origin group for fall 2007.

IPEDS Degrees Conferred Survey. Annual survey conducted by the National Center for Education Statistics (NCES) which collects information on the number of degrees conferred annually. Chapter II of the *Data Book* presents information about degrees conferred by institution, gender, and race/national origin group for fall 2007.

IPEDS Human Resource Survey. Chapter III has staffing data from the fall 2007 Staff Survey. This annual survey provides data on all employees by gender/race, full-time and part-time at public universities, community colleges, and independent institutions of higher education.

Chapter III summarizes staff data from the fall 2007 IPEDS Salaries Survey. This annual survey provides data on the number and gender of full-time instructional faculty at public universities, public community colleges, and independent institutions of higher education and on average salaries earned by these faculties.

IPEDS Institutional Characteristics Survey. Chapter IV of the *Data Book* presents information about annual tuition, fees, and room and board charges at Illinois public and independent institutions. These data are taken from the fall 2007 IPEDS Institutional Characteristics Survey.

IBHE Student Financial Aid Survey. The Illinois Board of Higher Education's annual Student Financial Aid (SFA) Survey provides information about grants, tuition waivers, loans, and employment by all sectors for all students. Data from the Fiscal Year 2007 Student Financial Aid Survey appear in Chapter V of the *Data Book*. SFA data sometimes changes after publication. For the most recent updates check our website www.ibhe.state.il.us.

IPEDS Finance Survey. This is an annual survey conducted by NCES. The survey collects revenue and expenditure data for both public and independent institutions. In fiscal year 1997, NCES began using different formats for both public and independent sectors resulting in non-comparable information across sectors. The *Data Book* includes current funds revenue and expenditure data for Illinois public universities and community colleges for the most current fiscal year.

CHAPTER I

CURRENT ENROLLMENT DATA

This chapter presents data on headcount enrollments in Illinois colleges and universities for fall 2007. The data are from the Illinois Board of Higher Education's annual Fall Enrollment Survey and IPEDS.

Headcount

Table I-1 provides characteristics of enrollment in Illinois Colleges and universities.

Table I-2 provides fall enrollments by gender, race, or national origin, type of institution, and level of instruction.

Table I-3 provides race or national origin of students enrolled in Illinois colleges and universities by type of institution.

Table I-4 provides 12-month unduplicated headcount and FTE for each public, community college, independent not-for-profit, and for-profit institution.

Table I-5 attendance status of students in Illinois colleges and universities by level of instruction and type of institution.

Table I-6 provides characteristics of total enrollment at public community colleges by location of instruction, type of instruction, and attendance status.

Table I-7 provides median age of students enrolled in Illinois colleges and universities by level of instruction and gender.

Table I-8 home state of first-time freshman students enrolled in Illinois colleges and universities by type of institution.

Table I-9 IPEDS enrollment data on Illinois residents as first-time students attending out-of-state institutions. (First-time student data are collected on even number years by IPEDS.)

Table I-10 IPEDS enrollment data on Illinois residents as first-time students migrating to other states. (First-time student data are collected on even number years by IPEDS.)

Table I-11 fall 2007 retention rate for full-time, first-time students.

Table I-12 patterns of interinstitutional undergraduate transfers by gender, race or national origin, and type of institution.

Table I-13 enrollment trend data - fall headcount enrollments, 1977-2007.

Table I-14 enrollment trend data - fall headcount enrollments in Illinois colleges and universities for years 1994-2007.

Figure I-1 presents enrollments in graphical format.

Figure I-2 presents enrollments by sector and attendance status in graphical format.

Figure I-3 presents enrollments by sector and gender in graphical format.

Figure I-4 presents enrollments by race or national origin in graphical format.

Figure I-5 presents fall enrollment transfer data in Illinois colleges and universities.

Figure I-6 shows fall enrollment trends from 1978-2007.
