## **Annual Report to the Illinois General Assembly on Public University Tuition and Fee Waivers**

### **Introduction**

This is the second annual report prepared in fulfillment of the requirements of Public Act 92-0051, which requires the Illinois Board of Higher Education (IBHE) to annually compile information concerning tuition and fee waiver programs provided by the public universities in Illinois and to submit its findings and recommendations concerning waiver programs to the Illinois General Assembly. This report presents information on the purpose and goals of waiver programs as well as data for fiscal years 2002 and 2003. Data on the number and value of waivers granted are presented in total and at the undergraduate and graduate levels. Detailed data by institution are presented at the undergraduate and graduate levels and are included in Appendix A, at the end of this report.

In order to cope with rising college costs, today's students rely on various types of financial aid programs, such as grants, loans, and work-study, provided through various federal, State, private and institutional sources. Tuition and fee waivers, a type of financial aid, exempt recipients from paying a portion of, or all, tuition and fee charges. Tuition and fee waivers typically are awarded at the undergraduate level to students with special talents or special financial needs. Graduate level tuition and fee waivers typically are awarded to students serving as teaching or research assistants.

Waivers serve multiple purposes: they provide access to higher education programs, promote scholarships, provide a recruitment tool, provide employee benefits, and enhance the educational environment by promoting a diverse student body. All waivers fall into one of two categories, mandatory or discretionary. Mandatory waivers are authorized and required by state statute, and discretionary waivers are determined at the institutional level. Each mandatory, or statutory, waiver program has certain requirements based on the law, and is not subject to limitations set forth by the IBHE or institutional policy. Discretionary waivers, on the other hand, are administered by public universities and are awarded at the discretion of each campus. With a few exceptions, these discretionary waivers are subject to IBHE limitations. Discretionary waivers are used by universities to provide access to higher education for students who possess specific academic or athletic talents, as well as for special status students, such as out of state and foreign students, as well as financially needy students.

The IBHE annually collects information from Illinois public universities on the number and amount of tuition waivers granted by student level, type of waiver (mandatory or discretionary), and specific waiver program. In fiscal year 2003, public universities issued a total of 43,366 waivers at a value of \$198.4 million, compared with 42,467 waivers issued in fiscal year 2002 at a value of \$167.7 million. Chart A reflects the total number of mandatory and discretionary waivers granted at both the undergraduate and graduate level.

The Standard Tuition and Fee Waiver Chart of Accounts (attached as Appendix B to this report) provides a complete description of each waiver category by program, and by type and was developed in 1999 in response to a recommendation by the Office of the Auditor General. This description also provides the purpose, goals and eligibility criteria of each program. Changes in the number and amount of total mandatory waivers by category between fiscal years 2002 and 2003 are presented in Table 1, with the same information for discretionary waivers presented in Table 2.

### Undergraduate Waivers FY 2002 – FY 2003

Table 3 shows that the number of undergraduate waivers recipients increased 3.9 percent from 13,087 to 13,592 between fiscal years 2002 and 2003. During this time period, the total value of undergraduate waivers increased 19.7 percent from \$28.0 million to \$33.5 million. Between fiscal year 2002 and 2003, the weighted average undergraduate tuition and fee charge at public universities rose by 12.3 percent accounting for some of the increase in the value of undergraduate tuition and fee waivers. Undergraduate waivers accounted for 16.9 percent of the total value of all public university tuition waivers in fiscal year 2003, approximately the same percentage as in fiscal year 2002.

In fiscal year 2003, of the \$33.5 million total undergraduate waivers shown in Table 3, approximately \$15.0 million (45 percent) were mandatory and \$18.5 million (55 percent) were discretionary. When combined, General Assembly waivers totaling \$5.1 million and Waivers for Children of Employees totaling \$3.6 million, accounted for nearly 58 percent of the undergraduate mandatory waivers in fiscal year 2003. Another 26 percent consisted of Honorary Scholarships and Teacher/Special Education waivers.

Of the \$18.5 million in discretionary waivers awarded in fiscal year 2003, \$10.5 million, or 57.6 percent, were awarded to students with athletic, academic, or other talent. That same year, Gender Equity waivers totaled \$1.9 million, student need waivers totaled \$1.6 million, civil service waivers totaled \$1.2 million, and foreign exchange waivers totaled \$1.6 million.

## **Graduate Waivers FY 2002 – FY 2003**

Graduate students play an integral role in the educational missions of Illinois public universities and serve the universities in a number of important ways. Graduate students serve as instructors and teaching assistants for undergraduate course sections and provide valuable research assistance to faculty mentors which enriches the educational environment for both students and faculty. These waivers also enable Illinois public universities to remain competitive in attracting the best graduate students to those programs. Graduate waivers, which consist primarily of waivers for graduate, teaching and research assistantships, accounted for 83.1 percent of the value of all public university tuition and fee waivers granted in fiscal year 2003, approximately the same percentage as in fiscal year 2002.

As seen in Table 4, public universities awarded 29,774 graduate waivers totaling \$164.9 million in fiscal year 2003. Of that total, 97.7 percent or \$161.2 million were discretionary waivers, and of those, graduate assistant waivers totaled \$129.8 million. From fiscal year 2002 to fiscal year 2003, the number of waiver recipients increased 1.3 percent from 29,380 to 29,774. The value of graduate tuition waivers increased by 18 percent, from \$139.8 million to \$164.9 million. During the same time period, graduate tuition and fee rates increased by 10.8 percent contributing to part of this increase.

### **Conclusion**

Public university tuition and fee waivers enhance access to higher education for a large number of students from various backgrounds with diverse qualifications and talents. Mandatory waivers provide access to students and support statewide initiatives, and discretionary waivers allow institutions with varying missions to attract and retain a diverse student body. Both types of tuition waivers enhance the educational environment of public university campuses for all students. Graduate student tuition waivers account for the majority of waivers granted at Illinois public universities, with most of these being discretionary (i.e., teaching and research assistantships.)

## Appendix B

### Standard Tuition and Fee Waiver Chart of Accounts

**1.0 Mandatory Waivers:** Tuition and fee waivers authorized by legislation that requires universities to grant to eligible students.

**1.1 Teachers Scholarships: Special Education Grants (110 ILCS 947/65.15):** Provides tuition and necessary fee awards to encourage current teachers and academically talented students to pursue careers in any area of special education as a public or private elementary or secondary school teacher in Illinois. **Eligibility and Criteria:** Participants must be a United States citizen or an eligible non-citizen; an Illinois resident; agree to take courses to prepare for the teaching of handicapped children or children with learning disabilities; be an Illinois high school graduate and rank in the upper half of the graduating class, or hold a valid teaching certificate that is not in the discipline of special education; and not have received a waiver under this program in the past. Participants are required to contract with the Illinois State Scholarship Commission and teach special education for two years within the 5-year period following graduation.

**1.2 General Assembly Scholarships (105 ILCS 5/30-9):** Each member of the General Assembly may grant, annually, two four-year scholarships, one for the University of Illinois, and the other for any state-supported university, to persons from his/her district. The scholarships exempt the holder from paying tuition or fees, with the exception of fees for book rental, service, laboratory, supply, union building, hospital and medical insurance, and any fees pledged for the payment of interest and principal on bonds for the operation and maintenance of buildings.

**Purpose:** To extend opportunities for attending the University of Illinois or other state-supported universities.

**Goals:** To promote scholarship, and provide incentives for students living in a legislator's district.

**Eligibility and Criteria:** Students must live in the nominating legislator's district and are required to sign a waiver of confidentiality concerning scholarship information.

**1.3 Reserve Officers' Training Corps (ROTC) Scholarships (105 ILCS 5/30-16):** Scholarships are offered to residents of Illinois whose scholastic standing enables them to enroll in ROTC programs. The scholarships exempt the holder from paying tuition or fees, with the exception of fees for book rental, service, laboratory, supply, union building, hospital and medical insurance, and any fees pledged for the payment of interest and principal on bonds for the operation and maintenance of buildings.

**Purpose:** The General Assembly declared that it is essential for the national defense and for the defense of the state of Illinois that among those residents of this State receiving higher education, provisions should be made for Reserve Officer's Training Corps training. In order to provide officers for the several Armed Forces of the United States of America, scholarships should be furnished

to eligible residents, in order to encourage their participation in the Reserve Officer's Training Corps programs.

**Goals:** To increase the participation of students in the Reserve Officer's Training Corps programs.

**Eligibility and Criteria:** Residents of the State of Illinois whose scholastic standing will enable them to enroll in the Reserve Officer's Training Corp programs available at universities supported by the state of Illinois. Applicants are required to take an examination each year according to rules prescribed by the presidents, or designees, of participating institutions. Scholarships are awarded on a merit basis to those eligible recipients receiving the highest grades with evidence of leadership ability. Applicants also must submit to the institution Selective Service registration compliance documentation. Waivers shall be awarded at each university on the basis of the equivalent of 10 scholarships per class, per branch of service, each academic year to eligible recipients.

Selection is based on scholastic record, aptitude, and general interest in higher education.

**Purpose:** To give financial assistance for college expenses to selected children under the care of the Department.

**Goals:** To provide educational incentives to children under the care of the Department with an interest and aptitude for higher education.

Participants must be under the age of 25 and qualify for admission to the university.

**Purpose:** To grant partial tuition waivers to the children of employees to attend the university.

**Goals:** To provide financial incentives for the children of employees to attend the university and to provide an employee benefit for the faculty and staff of state supported universities.

**Eligibility and Criteria:** The parent or guardian of the waiver recipient must have been employed by any public university for at least seven years. Children receiving the waivers must be undergraduates, under age 25 at the commencement of the academic year the waiver takes effect, must qualify for admission, and can only receive a maximum of four years of partial tuition waiver benefits.

Preference is given to children of such persons deceased or disabled. Does not include payment of fees.

**Purpose:** To provide four-year scholarships to the children of veterans of the armed forces who served during a period of hostility.

**2.1.1 Faculty/Administrators:** Waivers granted to faculty and administrative staff of the university. Does not include civil service employees under the State Universities Civil Service System.

**2.1.2 Civil Service Staff: University Employees:** Tuition waivers recommended by the University Civil Service Merit Board and adopted by public university governing boards for tuition charges for their own university employees covered under the State Universities Civil Service System. These waivers are excluded from the Board of Higher Education's tuition waiver limitation.

**2.1.3 Civil Service Staff: Interinstitutional/Related Agencies:** Tuition waivers granted at the discretion of the University or through reciprocal agreements for employees of other institutions or agencies whose positions are considered equivalent to positions of the university and who are under the State Universities Civil Service System. These waivers are excluded from the Board of Higher Education's tuition waiver limitation.

**2.1.4 Retired University Employees:** Waivers granted at the discretion of the University to retired university employees.

**2.1.5 Children of Deceased Employees:** Waivers granted at the discretion of the University to dependents of deceased university employees.

**2.1.6 Children of Employees:** Waivers granted to dependents of employees of the university, other universities, or related agencies, other than those waivers authorized by state statute as partial tuition waivers for dependents of university employees. May include waivers granted to children of employees who have been employed by the university system for less than seven years, or waiver amounts that exceed 50 percent of the tuition rate. (This category is being phased-out and no waivers will be allowed in this category after fiscal year 2005.)

**2.2 Student Talent/Merit Waivers:** Tuition and fee waivers awarded to students based on student talent in a particular field, academic merit, or special status such as minority students, foreign exchange students, out-of-state students, or academically disadvantaged students.

**Purpose:** To provide financial assistance to students with academic talent or special status.

**Goals:** To attract academically talented students to the institution and to increase student diversity by encouraging students with special talents or standing to attend the institution.

**Eligibility and Criteria:** Based on academic record, other academic talent, or special status.

**2.2.1 Academic/Other Talent:** Waivers granted to students based on their enrollment and abilities in a particular academic program or activity or students belonging to underrepresented groups. This includes waivers granted to student government leaders, student members of debate teams, music or theater groups, or minority students.

**2.2.2 Athletic Waivers:** Waivers granted to students who are part of an institution's intercollegiate athletic program, including athletes, trainers, and assistants. This category would include full or partial waivers for the non-resident portion of tuition for out-of-state recipients, but does not include waivers issued to achieve gender equity in intercollegiate athletics pursuant to 110 ILCS 205/9.24.

**2.2.3 Gender Equity in Intercollegiate Athletics (110 ILCS 205/9.24):** Public university governing boards may grant tuition waivers, in an amount not to exceed one percent of all tuition income, for the purpose of attaining gender equity in intercollegiate athletics. Waivers may be granted only for those sports sanctioned by the National Collegiate Athletic Association or the National Association of Intercollegiate Athletics. These waivers are excluded from the Board of Higher Education's tuition waiver limitation.

**2.2.4 Foreign Exchange Students:** This category should only be used as part of an exchange program where students are enrolled in a foreign university and enroll in the Illinois university by paying tuition at the foreign university or paying the Illinois resident rate. In these cases, the difference between the foreign student tuition rate and the Illinois resident tuition rate should be included as a foreign exchange student waiver. In cases where a foreign student receives a waiver for the full tuition amount in exchange for providing a service to the university, such as a teaching or research assistant, the entire waiver should be reported as a student service waiver. Foreign exchange student waivers are excluded from the Board of Higher Education's tuition waiver limitation.

**2.2.5 Out-of-State-Students:** Waivers granted to students whose home of record is outside Illinois, but within the United States of America at the time of first admission to the university. This category includes both full tuition and fee waivers and waivers for the difference between residential tuition rates and non-residential rates. These waivers should be valued at the difference between the actual amount of tuition and fees paid by the student and the established out-of-state tuition and fee rate. Waivers to out-of-state students receiving full or partial waivers in other categories, for example athletic or talent waivers should not be reported here.

**2.2.6 Foreign Students:** Waivers granted to students whose official home of record for the purpose of determining tuition and fee charges is outside the United States of America. This category includes both full tuition and fee waivers and waivers for the difference between residential tuition rates and non-residential rates. These waivers should be valued at the difference between the actual amount of tuition and fees paid by the student and the established tuition and fee rate for foreign students. Waivers for foreign students receiving full or partial waivers in other categories, for example athletic or talent waivers should not be reported here.

**2.2.7 Fellowships:** Waivers granted to students who also are receiving a fellowship for which no service is required.

**2.3 Student Need Waivers:** Tuition and fee waivers granted to students demonstrating financial need.

**Purpose:** To provide financial assistance to students who demonstrate financial need or hardship.

**Goals:** To attract academically talented students to the institutions who otherwise would be prohibited from attending due to cost.

**Eligibility and Criteria:** Recipients must demonstrate financial need and/or be enrolled in special academic programs or other university activities.

**2.3.1 Financial Aid Waivers:** Tuition and Fee waivers awarded by the university through the financial aid office for students demonstrating financial need.

**2.3.2 Special Program Waivers:** Tuition and fee waivers awarded to economically disadvantaged students based on enrollment or participation in special academic programs or other university activities.

graduate or undergraduate research, teaching, or other assignments; training or grant programs; external internship programs; clinical portions of degree programs conducted at other institutions; or other student experiences.

**Purpose:** To provide educational benefits and financial incentives to students.

**Goals:** To provide students with valuable educational experiences.

**Eligibility and Criteria:** Recipients must be enrolled in the university or under contract, and, for the educational experiences and benefits, agree to perform related services.

**2.4.1 Cooperating Professionals:** Waivers granted to outside professionals who cooperate with the university or supervise clinical experiences for university students. Includes local elementary and secondary school district personnel that work with student teachers, librarians, health care professionals, industrial relations field supervisors, and social welfare supervisors.

**2.4.2 Research Assistants:** Waivers granted to graduate or undergraduate students that have a research assignment with the university for an academic term, including waivers for summer sessions.

**2.4.3 Teaching Assistants:** Waivers granted to graduate or undergraduate students that have a teaching assignment with the university for an academic term, including waivers for summer sessions.

**2.4.4 Other Assistants:** Waivers granted to graduate or undergraduate students that have an assignment, other than research or teaching, with the university for an academic term, including waivers for summer sessions.

**2.4.5 Contract/Training Grants:** Tuition and fee waivers awarded to students as a condition for receiving funds for an outside grant program. Includes waivers for students participating in federally funded programs at the university or for tuition for required courses necessary for participation in outside internship programs. (No waiver should be recognized when student charges are paid from an outside funding source.)
