Annual Report to the Illinois General Assembly on Public University Tuition and Fee Waivers

Introduction

Public Act 92-0051 requires the Illinois Board of Higher Education (IBHE) to compile information annually concerning tuition and fee waiver programs provided by the public universities in Illinois and to submit its findings and recommendations concerning waiver programs to the Illinois General Assembly. This report presents information on the purpose and goals of waiver programs as well as data for fiscal years 2005 and 2006. Data on the number and value of waivers granted are presented in total and at the undergraduate and graduate levels. Detailed data by institution are presented at the undergraduate and graduate levels and are included in Appendix A.

In order to cope with college costs, students rely on various types of financial aid programs, such as grants, loans, and work-study, provided through federal, state, private and institutional sources. Tuition and fee waivers, a type of financial aid, exempt recipients from paying a portion of (or all) tuition and fee charges. Tuition and fee waivers typically are awarded at the undergraduate level to students with special talents or special financial needs. Graduate level tuition and fee waivers typically are awarded to students serving as teaching or research assistants.

Waivers serve multiple purposes: they provide access to higher education programs, promote scholarship, provide a recruitment tool, provide employee benefits, and enhance the educational environment by promoting a diverse student body. All waivers fall into one of two categories, mandatory or discretionary. Mandatory waivers are authorized and required by state statute, and discretionary waivers are determined at the institutional level. Each mandatory, or statutory, waiver program has certain requirements based on the law, and is not subject to limitations set forth by the IBHE or institutional policy. Discretionary waivers, on the other hand, are administered by public universities and are awarded at the discretion of each campus. With a few exceptions, these discretionary waivers are subject to IBHE limitations. Discretionary waivers are used by universities to provide access to higher education for students who possess specific academic or athletic talents, as well as for special status students, such as out-of-state and foreign students, as well as financially needy students.

The IBHE annually collects information from Illinois public universities on the number and amount of tuition waivers granted by student level, type of waiver (mandatory or discretionary), and specific waiver program. In fiscal year 2006, public universities issued a total of 43,705 waivers at a value of \$283.4 million, compared with 44,684 waivers issued in fiscal year 2005 at a value of \$257.7 million. Chart A reflects the total number of mandatory and discretionary waivers granted at both the undergraduate and graduate level.

The Standard Tuition and Fee Waiver Chart of Accounts (attached as Appendix B to this report) provides a complete description of each waiver category by program and by type and was developed in 1999 in response to a recommendation by the Office of the Auditor General. This description also provides the purpose, goals, and eligibility criteria of each program. Changes in the number and amount of total mandatory and discretionary waivers by category between fiscal years 2005 and 2006 are presented in Table 1.

In addition to the waivers reported in this document, public universities have waived a significant amount of tuition and fee revenue in relation to the Illinois Veterans Grant, the Illinois National Guard Grant, and the MIA/POW Scholarship program. These are entitlement grant programs and are not classified as waivers in the Standard Tuition and Fee Waiver Chart of Accounts and, as such, are not included in this report. In total, public universities have waived approximately \$18.0 million in tuition and fees over the past four fiscal years (2002 through 2006) for eligible military veterans.

Undergraduate Waivers FY 2005 – FY 2006

Table 2 shows that the number of undergraduate waivers recipients decreased 14.6 percent from 15,798 to 13,489 between fiscal years 2005 and 2006. During this time period, the total value of undergraduate waivers increased 9.3 percent from \$44.95 million to \$49.1 million. Undergraduate waivers accounted for 17.3 percent of the total value of all public university tuition waivers in fiscal year 2006.

In fiscal year 2006, of the \$49.1 million in total undergraduate waivers shown in Table 2, approximately \$21.3 million (43.4 percent) were mandatory and \$27.8 million (56.6 percent) were discretionary. These percentages were relatively unchanged from fiscal year 2005. The two largest mandatory waiver programs, General Assembly waivers and waivers for Children of Employees, total \$13.1 million, or over 61 percent of undergraduate mandatory waivers in fiscal year 2006.

Of the \$27.8 million in discretionary waivers awarded in fiscal year 2006, \$15.0 million, or 54.9 percent, were awarded to students with athletic, academic, or other talent. Foreign Exchange waivers totaled \$4.6 million, Student Need waivers totaled \$2.7 million, Gender Equity waivers totaled \$2.6 million, and Civil Service waivers totaled \$1.3 million. In fiscal year 2006, the number of Financial Aid waivers dropped to 1,148 (from 3,442), while the dollar value of these waivers rose from \$2.2 million to \$2.7 million. The primary reason for the decrease in the number of waivers was that the University of Illinois placed a higher priority on the neediest students in fiscal year 2006 and granted fewer waivers with greater dollar values. The decrease in Financial Aid waivers accounts, in large part, for the decline in the total number of waivers.

Graduate Waivers FY 2005 – FY 2006

Graduate students play an integral role in the educational missions of Illinois public universities and serve the universities in a number of important ways. Graduate students serve as instructors and teaching assistants for undergraduate course sections and provide valuable research assistance to faculty that enriches the educational environment for both students and faculty. These waivers also enable Illinois public universities to remain competitive in attracting the best graduate students. Graduate waivers, which consist primarily of waivers for graduate, teaching and research assistantships, accounted for 82.7 percent of the value of all public university tuition and fee waivers granted in fiscal year 2006, approximately the same percentage as in fiscal year 2005.

As seen in Table 3, public universities awarded 30,216 graduate waivers totaling \$234.3 million in fiscal year 2006, an increase of 1,330, or 4.6 percent, over the number of waivers granted in fiscal year 2005. Of the total, approximately 98.0 percent, or \$230 million, were discretionary waivers, and of those, graduate assistant waivers totaled \$178.4 million. From fiscal year 2005 to fiscal year 2006, the value of graduate tuition waivers increased by 10.1 percent, from \$212.7 million to \$234.3 million.

Conclusion

Public university tuition and fee waivers enhance access to higher education for a large number of students from various backgrounds with diverse qualifications and talents. Mandatory waivers provide access to students and support statewide initiatives, while discretionary waivers allow institutions with varying missions to attract and retain a diverse student body. Both types of tuition waivers enhance the educational environment of public university campuses for all students. Graduate student tuition waivers account for the majority of waivers granted at Illinois public universities, with most of these being discretionary (i.e., teaching and research assistantships.)

Eligibility and Criteria: Participants must be a United States citizen or an eligible non-citizen; an Illinois resident; agree to take courses to prepare for the teaching of handicapped children or children with learning disabilities; be an Illinois high school graduate and rank in the upper half of the graduating class, or hold a valid teaching certificate that is not in the discipline of special education; and not have received a waiver under this program in the past. Participants are required to contract with the Illinois State Scholarship Commission and teach special education for two years within the 5-year period following graduation.

Purpose: The General Assembly declared that it is essential for the national defense and for the defense of the state of Illinois that among those residents of this State receiving higher education, provisions should be made for Reserve Officer's Training Corps training. In order to provide officers for the several Armed Forces of the United States of America, scholarships should be furnished to eligible residents, in order to encourage their participation in the Reserve Officer's Training Corps programs.

Goals: To increase the participation of students in the Reserve Officer's Training Corps programs.
